

GUBER

Built by People, for People.

EXECUTIVE SUMMARY · 2026
GUBERAPP.COM

THE OPPORTUNITY

GUBER is the **Economic Super App** powered by a **Human API for Truth** — building America's nationwide layer for **work, opportunity, verification, and real-world trust infrastructure**. As AI-generated fraud, marketplace scams, and remote-buying risk accelerate, the demand for **human-powered verification** is becoming critical infrastructure. GUBER connects people who need help, work, or verification with verified humans who can provide real-world action and proof — backed by enforced identity, on-platform money, and structured proof of work. Live in production today on web and Android; iOS App Store launch in progress.

THE PRODUCT · SEVEN CONNECTED LAYERS

- **Work & Hire** — guided job builder, structured pricing, GPS proof, auto-pay-increase
- **Verify & Inspect** — on-demand human verification of vehicles, properties, listings, salvage
- **GPS proof engine** — location-stamped photos, video, dynamic checklists on every job
- **AI or Not** — trust subscription with AI-image detection + verified-human badge
- **Cash Drops** — brand-sponsored geo-targeted reward drops (a new physical ad network)
- **Business Tools** — verified business accounts, talent scouting, bulk job posting
- **Trust & Safety** — ID + selfie checks, sex-offender screening, dispute taxonomy, moderation

HOW GUBER MAKES MONEY

- Platform fees on completed jobs · pay-on-lock-in model
- Verify & Inspect fees · per-verification revenue
- Urgent / priority job fees · auto-pay-increase
- Business accounts · verified onboarding + recurring B2B plans
- Sponsored Cash Drops · brand-funded, gross-margin sponsorship revenue
- AI or Not / Trust Toolbox · recurring trust subscription
- Marketing & visibility tools · featured listings, sponsored visibility
- Future B2B integrations · API access for insurance, lending, marketplaces, OEMs

VALUATION FRAMEWORK & THE ASK

GUBER is seeking a **\$15M early-stage valuation framework** based on its live product, existing deployment, platform infrastructure, market opportunity, trust & verification positioning, scalable economic coordination model, and future national expansion potential. Capital target: **\$1M over 18 months** deployed against the allocation above. This is an early-stage valuation framework, not a guaranteed company worth. **Contact:** Guberapp.global@gmail.com · (251) 284-9412 · guberapp.com

VISION · AMERICA'S ECONOMIC SUPER APP

GUBER is designed to become a **nationwide trust and opportunity layer** connecting people through work, verification, and real-world proof. Three pillars: **Income** (productivity engine — work, hire, V&I, observations, portable resume), **Commerce** (verified marketplace + sponsored Cash Drops as a physical ad network), **Infrastructure** (the verification network — a Human API for Truth that the rest of the digital economy plugs into). Built by people, for people.
